StrataMax Portal

This page contains the most recent release notes for the StrataMax Portal. A summary of the updates is provided below.

StrataMax Portal v1.1.0 📎Released 19th January 2026

What's New for Owners

The Invoice Hub has been redesigned to make viewing and approving invoices easier and more flexible.

Key Features

- **One Page for Everything**: Approve Invoices, Invoice Summary, and Invoice History are now combined into one page called **Invoice Hub**.
- **Responsive Design**: Works on desktop, tablet, and mobile for a better experience.
- **Easy Sorting & Filtering**:
  - Sort invoices by amount, date, or other details.
  - Filter invoices by building or search by creditor, amount, or invoice number.
- **Quick Actions**:
  - Select all invoices or just the ones you need.
  - Approve selected invoices with one click.
- **Clear Views**:
  - **Mine** – invoices waiting for your approval.
  - **Active** – invoices still in the approval process.
  - **All** – all invoices for the current and previous financial year.

Why This Matters

Owners can now manage invoices faster, with fewer clicks, and see everything in one place.
